

Tricolored Blackbird Survey Report Form

1. Use accepted (= Portal) colony location names. If new or name not known, provide a descriptive location name (if private property, do not use owner's name in the location name).
2. Provide names of all observers and preferred contact information for one observer per location.
3. Please provide location data in decimal degrees, NAD83 (e.g., 36.1234, -118.1234). Please also provide a colony location description using cross roads or other landmarks and estimated or measured distances.
4. Please save each report form using file names consisting of your last name followed by the colony number (e.g., Smith01.docx).

Please fill out a separate form for each location.

Observer Information *(fill out once per survey)*

Name(s):	
Email:	Work Phone:
Cell Phone:	Home Phone:
Address:	

Observation Information *(fill out for each location observed)*

Date:	Start Time:	End Time:	Total Time:
Location Name:		County:
